Lektz

Lektz is an innovative SaaS-based eBook eCommerce Platform where you can setup your own store, get custom branded apps for iOS, Android and Windows PC, avail DRM security for your ebooks and get sales analytics.

EduLektz is a Cloud-based mobile learning platform with mobile LMS, mLearning Apps, Content Security, Student Performance Tracking, Collaboration Tools and MOOC Content Support.

DysLektz

DysLektz is a special ebook reader application that is made for users with dyslexia. The reader application displays all ebooks in a special dyslexic compatible font and has options for customizing the overall readability.

Al-Lektz is an all exclusive Arabic ebook reader application that serves a very distinct purpose. The user interface is entirely in Arabic and supports Right-To-Left page orientation that makes reading Arabic ebooks a seamless and pleasant experience.

AEL Data specialises in delivering tailor-made, innovative, high-quality/low-cost digital publishing services and solutions for web and mobile platforms. Our experience and deep understanding of the publishing and education sectors - their requirements, trends, competitive environment and end-users - allows us to customise our services to meet our partners' needs.
