OUR STORY

"I very much appreciate all of the work that AEL is putting into this project. I truly appreciate that AEL is committed to excellent quality and I know that, as mentioned, if AEL and LAC can put in that extra effort for accuracy we will both benefit given the high visibility of this project. As such, I'm very thankful that you are very easy to work with and understanding of the current situation. It has been a pleasure to work with you and others on the AEL team."

- Kyle Brownness, Library Archives of Canada

"On reflection, and having worked more with the transcriptions, we remain very impressed with the quality overall - especially the dates that you have managed to pull out of the manuscript - which still surprises us in some cases how you managed it!"

- Ed Fay, The London School of Economics and Political Science
